Coral Ryder CSNU- Biography

Coral is the daughter of SNU Minister Ann Robson and Healer Jim Robson and as such has grown up with an awareness of spirit and Spiritualism. In 2005 she was told by spirit to put down what she was doing and to draw. She is not a trained artist yet with spirit guiding her hand has developed the ability to draw spirit portraits reuniting people with the faces of their loved ones. In 2012 she had the honour of being the first person to gain a Certificate of Recognition (CSNU) from the Spiritualist National Union in demonstrating Spirit Art. In 2015 she was featured in the book *Spirit Paintings and Art from the Afterlife*. She serves Churches and Centers in the UK and abroad demonstrating her art and running workshops on both the subjects of Spirit and Psychic Art; helping others to explore their mediumship through art and discover the hidden artist within. She regularly tutors for the International Spiritualist Federation (ISF) at their Fraternal weeks and weekends in various countries across the globe as well as running weekly audio classes on SNUI the Spiritualists National Unions International website covering Spirit Portraits and Auragraphs. Along with her art Coral is the co-editor of a small international Spiritual Magazine, writes inspired poetry and one of her poems was used as the lyrics to 'Spiritual Age', a song written to celebrate Hydesville day.

Contrary to popular belief you do not need to be an artist in order to become a Spirit Artist, for if the ability is within you then spirit can help to bring it out. Like other forms of mediumship it takes time and dedication to develop. Coral has recently opened and runs her own shop/center called Spirit Within Art.

:

Auragraph:- A symbolic representation through color and pictures of your life path, current areas of interest and/or potential.
