THE LENORMAND CARDS RESURRECTED AND TAROT

June 2 and June 9, 2019 1 pm- 4 pm

\$120.00 (includes both sessions)

Be part of this 2 session course learning the Lenormand Cards and how to divine concrete information concerning your questions. The Lenormand cards expand our second site by focusing our own capacity to see life circumstances from multiple perspectives and time periods. Tarot allows us to expand our insight into the psyche and motivation of decision and life. Both Lenormand and Tarot can be aligned to astrological symbolism and work together to offer deepening of insight into ourselves.

De Vovchansky has worked as a consulting Astrologer for over 30years. A Former Board Member of the NY Chapter of the NCGR- National Counsel for Geocosmic Research. De works with many psychic modalities as well as works as a Medium. Join her for this wonderful class of knowledge, practice, and new experience for you.
