

THE HELEN COOK MEDIUMSHIP MERIT AWARD

The ISC is proud to offer **The Helen Cook Mediumship Merit Award** as a part of the 1st and 2nd year program of the Inner Spiritual Center Mediumship and International Training Program beginning in 2014.

Bills' Grandmother, Mrs. Helen Cook spend her years in service to the spirit world as a trance medium and healer in Dundee, Scotland. During her many years as a Medium, Mrs. Cook stood for the integrity of communication and the detailed information provided for the sitters. She worked in Spiritualist Churches throughout Scotland and Canada and was well known for her consistent and strong body of work over the years. She was arrested several times for her practice prior to the legality of Mediumship in the UK but was never deterred from her relationship with the spiritual realm and continued to work and demonstrate despite the constant threat. Her determination and work as a Medium has contributed to all of us today having the freedom to teach and practice our own mediumship. Mrs. Cook is recognized through this award, for her commitment, her strength, and her continued service to the Spiritual World, and as one of the unsung heroes in the history of our craft.

At the end of each year course within this program, The Helen Cook Mediumship Merit Award will be given based on the criteria of Mrs. Cooks' legacy; service, humility, integrity, and all-around competence within a students work.

We look forward to honoring Mrs. Cook as well as honoring the future of Mediumship for many years to come.
